YOU’VE NEVER SEEN A ROSE LIKE THIS BEFORE!!

NEW SPECTACULAR PILLAR ROSE
GROWS 8 FEET HIGH WITHOUT SUPPORT

Just Think! You’ll Have Giant Clusters of Deep Coral Blooms
... on a SINGLE STEM!!

Yes! This amazing rose, the Descanso Pillar, is horticulture’s most exciting new rose. Not a HYBRID TEA, nor a FLORENDA, but a GRANDIFLORA, not a TREE ROSE, but a remarkable new type rose that grows up to ft. high without support of any kind — THE VERY FIRST YEAR!!

The Descanso Pillar is a beautiful background for your other lower growing roses or is outstanding by itself in a special corner nook in your garden. Or plant several and have a living green fence abundance with gorgeous blooms most of the year.

And you can practically pick a BOUQUET on one stem! Clusters of blooms are borne on single erect stems that often measure 3 to 4 ft. high. Single blooms, too, all lasting for days and days when cut for indoor arrangements, bouquets, etc.

ENJOY PERFECT FLOWERS UP TO 6 INCHES ACROSS — ALL SEASON LONG!!

One of the parents of the marvelous Descanso Pillar Rose is the famous All America Rose CHARLOTTE ARMSTRONG. Inherited are not only clear true viger and beauty of this popular winner, but the red, brassy, deep green foliage. The Descanso Pillar just bursts with bloom month after month, and there’ll be picking literally armloads of perfect deep flame pink blooms up to inches across throughout the entire season.

Hybridized by Dr. Walter Lammerts, creator of The Queen Elizabeth Rose, Chrysler Imperial, Charlotte Armstrong, etc.

You can be literally surrounded by roses all season long from just a single DESCANSO ROSE BUSH

SO VIGOROUS A GROWER THAT SPRAWLING & PEST CONTROL ARE PRACTICALLY NIL!!

As Charles V. Currell, Oakland, past president of the American Rose Society says, “When I say ABSOLUTELY disease resistant, I mean exactly that.” And Clyde Stocking, San Jose rose grower says, “The abundant dark green, glossy foliage showed NO DISEASE during 3-year test...constantly in bloom, too.”

AMERICA'S FIRST TRULY RED ROSE
ALL AMERICA WINNER 1953

Chrysler Imperial

(The Plant Patent #1437)

The CHRYSLER IMPERIAL ROSE is unmatched by any other red rose. Its vivid, rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like lustre of garnet in the folds retains its sparkling beauty.

Long tapering buds unfold even in adverse weather, opening to large, high-centered flowers measuring 4½ to 5 inches with 40 to 50 wide petals. These are borne on sturdy, medium long stems. The opening of each rose is a thrilling spectacle of changing iridescent shades of red.

You will love the sweety scented flowers with true rose fragrance.

The compact and symmetrical growth of this prize winning rose will enhance your whole garden. Each bush puts forth dark green, semi glossy, disease resistant foliage in abundance. Even without the thrilling red, red flowers the bush is a handsome garden feature.

WARMEST, RICHEST, MOST RADIANT YELLOW EVER CAPTURED IN A ROSE

Sun Valley

(Pl. Patent 1123)

Symbolizing the breath taking Beauty of famed Sun Valley

At last—in “SUN VALLEY”—Germain’s presents the warmest, richest, most vibrant yellow ever captured in a rose.

Its true guinea golden yellow holds magnificent brilliant tone in open blooms for days—ever in bright hot sunshine—without a trace of fading!

The full, beautiful shaped buds open to large, strong and lasting blooms on long straight stems. The foliage is disease resistant and its vigorous, shining dark green tone forms a perfect foil for the golden flowers borne in season long profusion.

Rose growers, from coast to coast, in conclusive trials, have found “Sun Valley” the parent, non-fading yellow rose—and one that holds its pure color better—than any yellow rose they have ever seen before.

For masses of dazzling sunshine in your garden all season—and long lasting brilliant yellow bouquet—“SUN VALLEY” should be a “must” on your rose order.
